

Our Commitment to Our Customers

For 18 years, Best Rubber Mulch has proudly served customers across the United States as an independent, family-run distributor of premium rubber mulch. We have built our reputation on high-quality products and reliable service.

Like every business, we experienced a short but challenging period where a “perfect storm” of unforeseen events caused delays in fulfilling some orders. We sincerely apologize to any customer who was affected during that time. Your patience and understanding meant a great deal to us.

That difficult period is now fully behind us. We have strengthened our operations and partnerships and have returned to the prompt and reliable service our customers have counted on for nearly two decades.

We aim to ship all orders within 7 to 12 business days — and often sooner.

We remain deeply committed to earning and keeping your trust. Thank you for being part of our story.

Sincerely,

Wayne
